

# Hyperbole

Hyperbole is an  
exaggeration of something.  
But an important detail is  
that it is not a minor  
exaggeration.

# Hyperbole

It is the **BIGGEST** and  
**GREATEST**  
exaggeration of **ALL**  
**TIME!**

# Hyperbole

That is an example of hyperbole.

The purpose of hyperbole is to enhance for effect.

By overexaggerating you can imply the importance and significance of a certain thing.
